

Recycle Regulations & Recommendations

- Recyclables are collected every other week. Please view the *Recycle Schedule* for route information.
- Items will be collected curbside using a *single stream process*.
 - It is *not* necessary to separate your recyclables for collection.

Container Requirements:

18-gallon recycle, and/or storage bins, 30-35-gallon trash can & 96-gallon totes are acceptable containers. **(We rent 96-gallon recycle totes for an additional \$9.00 per quarter)**

- EFFECTIVE 1/1/2018, we will allow 30-35-gallon trash cans to be used if the can is clearly marked.
- Please place lids on the containers to prevent loose recycle from blowing around.
- ALL CONTAINERS SHOULD BE CLEARLY MARKED "RECYCLE".
- ITEMS PLACED IN PLASTIC AND/OR GARBAGE BAGS WILL NOT BE TAKEN.

- All items should be empty of contents and rinsed thoroughly.
- Plastic (grocery) bags are not accepted and should be returned to your local grocery store.
